THE CLARITY PAUSE

10 Questions to Rediscover Yourself
and Design Your Next Chapter

TRI NURAINI

WELCOME HOME,

"When you are navigating challenges and growth starts to feel heavy, the answer isn't to push harder— it is to slow down."

We live in a world that constantly tells us to move faster, push harder, and do more. Let's step back and take a moment to slow down.

This guide is designed to give you a safe space to pause and reflect on what matters.

Whether you are navigating a major life transition, feeling stuck in your career, or simply wanting to understand yourself better, these 10 questions—curated from The BIG Questions card deck—will help you quiet the external noise and listen to your inner wisdom.

HOW TO USE THIS GUIDE BOOK

Print it out & grab a pen

Put away your phone and laptop. Writing by hand helps unlock genuine, unedited thoughts.

Create your quiet space

Find a quiet corner, grab a warm drink, and silence your notifications for 30 minutes, or more.

Write without filtering

Do not worry about neat handwriting or "correct" answers. Let your thoughts flow naturally onto the page. There are no right or wrong answers.

Listen to your body

Notice which questions make you pause, smile, or feel a surge of energy—those are your clearest signs.
